Imagine a world just like our own: the celebrities march their sequined parade on TV, the Dairy Queens dollop out fat sploggles of frozen yogurt, folks hump one another like they always have, and sometimes there's shoplifting, and sometimes there's love. Except there's no morality, none at all, which skews things some. Murder happens off-handedly, as a joke, the librarians are all on acid, at parties people chug goblets of their own pee, and Fred Savage has been crowned king of Romania. This is the world of All Our Grandfathers Are Ghosts, a book of poems about the search for order amid total, hilarious moral collapse.
